Re: *Preserving the Open Internet*, GN Docket No. 09-191; *Broadband Industry Practices*,
WC Docket No. 07-52

Dear Ms. Dortch:

On November 22, 2010, Kathleen Q. Abernathy, Chief Legal Officer and Executive Vice President, Regulatory and Government Affairs, discussed the above-captioned proceedings with Zac Katz, Legal Advisor for Wireline Communications, International and Internet Issues to Chairman Genachowski. In particular, Ms. Abernathy emphasized that should the Commission decide to take action in this docket, it is critical that the Commission ensures that any broadband regulation should be applied in a technology-neutral manner. Ms. Abernathy's statements were consistent with Frontier's prior submission in this proceeding.¹

Please feel free to contact me with any further questions.

Sincerely,

/s/

Michael D. Saperstein, Jr.
